

Unity Health System

Dear Patient:

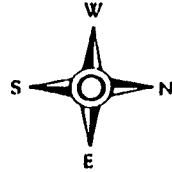

Welcome to Park Ridge Hospital's Endoscopy/Medical Procedure Center. For your convenience, a map which details where you need to go for your procedure is on the back of this letter.

When you arrive on the Park Ridge Campus, please park in the Main Entrance parking lot (A) and enter the building through the Main Entrance. If your insurance requires a co-pay, it should be paid at the Cashier, located on the 1st floor next to the visitor elevator. Proceed to the Visitor Elevators and take them to the third floor. Turn right off the elevator and follow the signs to Endoscopy/Medical Procedures.

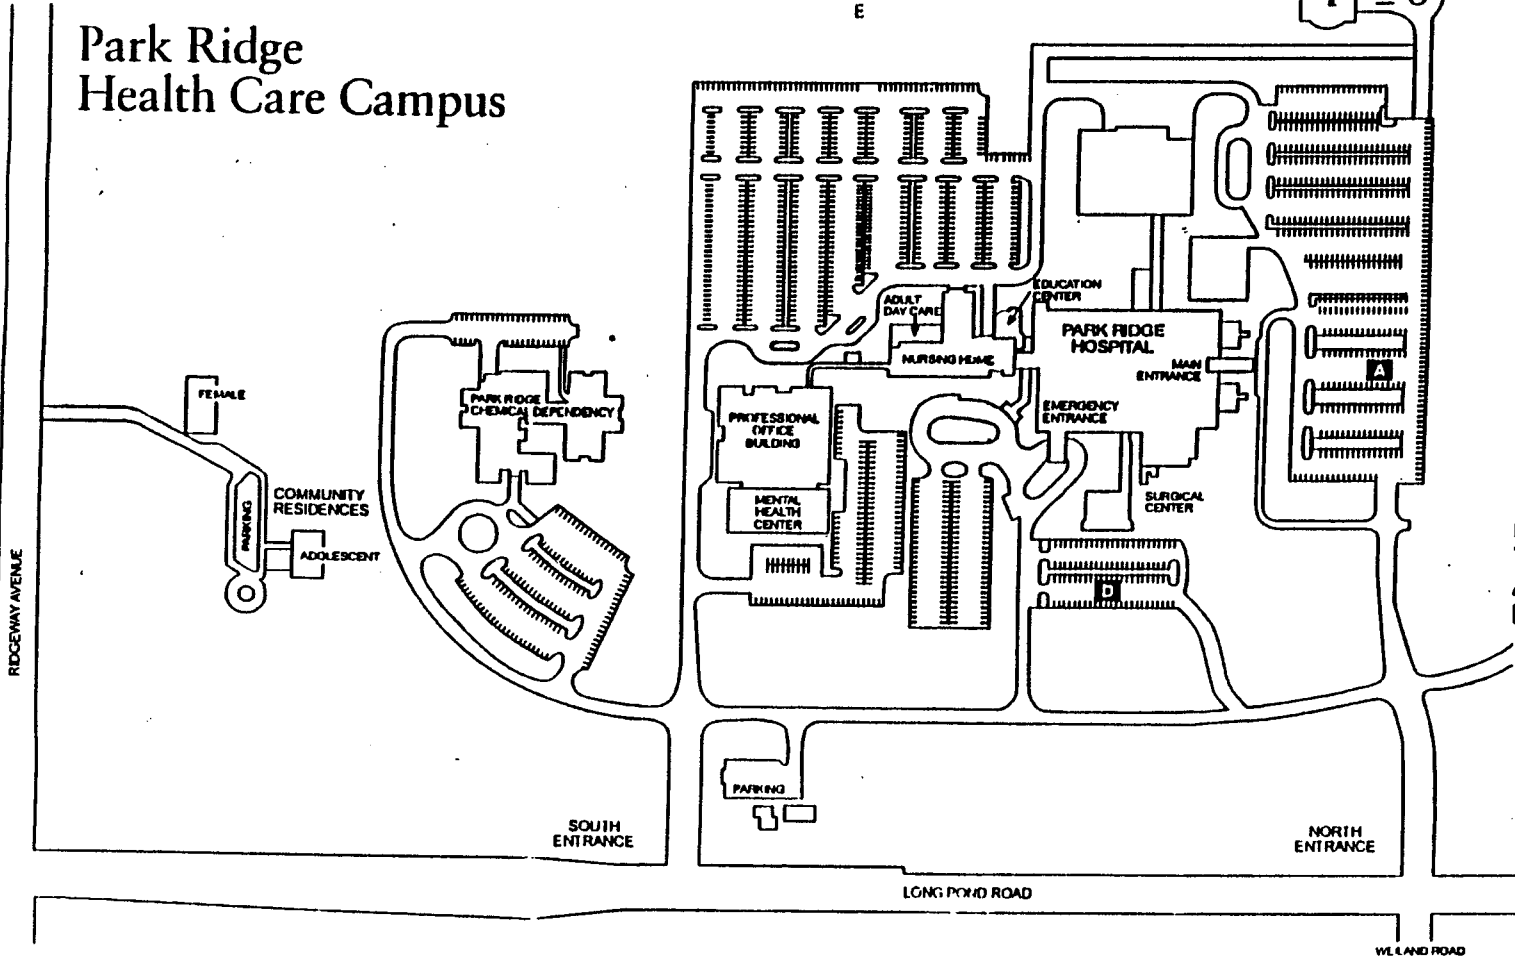

Please bring your insurance information and Social Security Number with you on the day of your procedure.

We also request that you have a responsible adult with you when you are discharged. This person needs to hear your post procedure instructions, sign them and drive you home (A taxi is not an acceptable ride, unless you have an adult with you). You must have someone stay with you for the remainder of the day.

If you have any questions, please call your physician. We look forward to serving you. Thank you for choosing Park Ridge Hospital to provide your health care.

Park Ridge
Health Care Campus
